

ELEMNT

gps bike computer

SIMPLY POWERFUL.

ELEMNT COMPANION APP

Use the simple interface of your smartphone via our free companion app to customize settings, configure workout pages and link sensors. Store your ride history and automatically sync workouts to your favorite training apps.

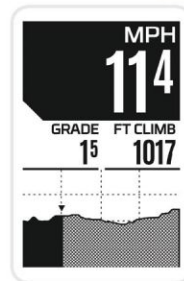

QUICKLOOK LEDs

Quicklook LEDs provide a clear way to quickly monitor your power, heart rate, speed, turn-by-turn directions and other notifications.

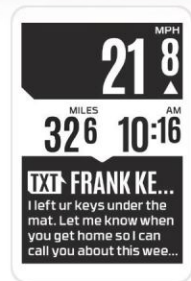

PERFECT VIEW ZOOM

Easy access side buttons allow you to zoom in and out of curated data fields with just a touch.

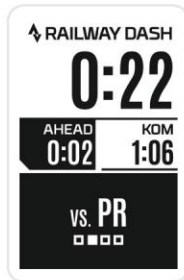

CLIMB

Displays accurate climb data in real time, including grade and total distance climbed using an onboard barometric altimeter and GPS data.

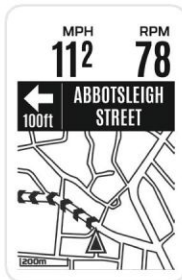

TEXT AND PHONE NOTIFICATIONS

Receive call, text and email notifications mid-ride (or turn them off in do not disturb mode.)

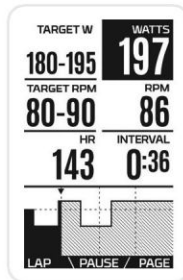

STRAVA LIVE SEGMENTS

Integrates with Strava Live Segments to alert you before the segment begins, display progress status for your goal and give a unique Final Push when you are close to hitting a PR or taking that KOM!

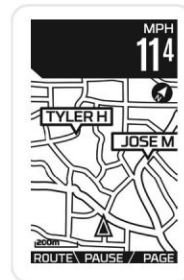

TURN-BY-TURN

Get pop-up notifications for routes wirelessly downloaded from the most popular cycling apps or Wahoo's Take Me Anywhere feature that generates a cycling optimized route with turn-by-turn cues.

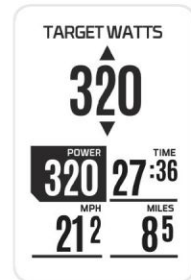

PLANNED WORKOUTS

TrainingPeaks and Today's Plan workouts automatically sync to your ELEMNT and send notifications at each interval. Comes pre-loaded with 3 Team Sky structured workouts and 2 FTP tests. Works on the road or controls your smart trainer.

LIVE TRACKING

Find friends out riding with real-time location on your screen or share your location with friends by text or email.

KICKR CONTROL

Pairs with KICKR Smart Trainers to allow you to train in 4 different modes: Route simulation, ERG, Level or Passive to just record your workout controlled by another app.
